PROFESSIONAL PROFILE

With over 25 years of performance experience across diverse musical genres, including jazz, gospel, concert orchestral, R&B, and blues, I have collaborated with worship teams, vocalists, choirs, and individual artists in Indianapolis, IN and throughout the Washington DC metropolitan area. As an experienced worship team drummer, I excel at interpreting musical scores, chord charts, and videos, as well as performing by ear. I strive to enhance the rhythm and feel of every musical project through thoughtful, adaptive percussion accompaniment.

I have mastered acoustic drum set, digital drums, percussion pads, concert snare drum, hand percussion instruments, and Studio One digital audio workstation (DAW) software. I am experienced instructing, mentoring, and coaching emerging musicians to support their professional development, and I am known for delivering constructive feedback with professionalism and sensitivity. I have extensive expertise in drum maintenance, tuning, equipment repair, and all technical aspects required to deliver excellent live and recorded drum and percussion accompaniment.

CORE STRENGTHS – PERFORMANCE & COLLABORATION

- Proficient with live and recorded worship services
- Skilled in drum arrangement, music charting, production – leading/mentoring staff
- Drum tuning, preventive maintenance & repair
- Drum and digital percussion track arrangements
- Dependable and reliable team player with positive service-orient approach
- Adaptable and receptive to feedback; committed to excellence
- Experienced and spiritually-based mentor
